

# SCHEDULE 3

## Notice of Water Use / Waste Deposit Without a Licence

### What is a Schedule 3 Notice?

A Schedule 3 Notice is a form completed by an individual or a business registered in Yukon to use water and/or deposit a waste without a water licence. A Schedule 3 Notice only applies to Industrial, Placer mining and Quartz mining undertakings.

It is not a permit or a licence.

There is no cost for submitting a Schedule 3 Notice.

### Where can I learn more about Schedule 3 Notices?

The criteria for projects where a Schedule 3 Notice is applicable originate in Section 4, as well as Column 2 of Schedules 5, 6 and 7 of the [Waters Regulation](#). See the reverse side for a detailed description of the Schedules.

If after reading this fact sheet you have additional questions, please contact the Water Board Secretariat at (867) 456-3980 to speak with a Licensing Officer.

For additional information in relation to Industrial activities, you can also contact Environmental Protection & Inspections (Department of Environment) located in Whitehorse at (867) 667-5683.

For additional information in relation to Placer and Quartz mining, you can also contact [Compliance Monitoring and Inspections branch](#) (Department of Energy Mines & Resources (EMR)) based on the area that you plan to explore and/or mine.

Your mining activities may also require notification to or approval by Government of Yukon EMR Mining Lands. Please contact the Mining Lands Office in your area of interest:

Dawson: (867) 993-7300

Mayo: (867) 996-2343

Watson Lake: (867) 536-7335

Whitehorse: (867) 456-3877

### What is the process for submitting a Schedule 3 Notice?

[Schedule 3 Notices](#) can be obtained on the Water Board's website under forms.

The completed notice must be submitted at least 10 days before you commence any activities. This time will be used by Government of Yukon to review your notice. Questions may be asked to confirm that your activities can proceed without a water licence.

### What type of information must be provided for a Schedule 3 Notice?

1. A signed copy of the Schedule 3 Notice.
2. At a minimum, one map shall be submitted as part of the notification, at a scale of 1:25,000, and shall include:
  - NTS Map sheet number;
  - Longitude and Latitude for the center location of the operation;
  - A general description of the location of the project (for example, "located 50 km South of Whitehorse" or "km 3 of Ten Mile Ranch Road");
  - The area of the operation clearly drawn on the map; and
  - A North arrow.

### Where can I submit my Schedule 3 Notice?
